

PLANET
GIFTWARE

PERSONALISED

GIFTWARE

PERSONALISED GIFTS MADE FOR YOU

Planet Giftware has been created and built specifically for retail, with years of experience behind it. Our aim is to provide shops with a low cost and practical solution to offer personalised products in your store. With e-commerce still surging in popularity, we truly believe what we offer will help your store, and the retail sector compete with e-commerce in a new and exciting way. Your customers will be able to see products in hand, and have them delivered directly to their door quicker than they would if they were to order from the majority of online sites.

Low cost initial outlay

Easy to use website

Trade only supplier
for retail shops

Full mark up on
all products

Orders despatched
same working day*

*if orders are placed before 12pm

No money tied up in stock

No minimum order

Only pay for what you sell

ABOUT US

Planet Giftware is a trading division of A W Raybould LTD, a family business that was started in 1965.

Since the start, A W Raybould has remained in the family, passing down 3 generations but more importantly, always focused on friendly customer relations, dealing direct with businesses and retailers.

Starting with crafting jewellery then onto unique pewterware gifts, the company now focuses on personalised giftware.

Victoria, who married into the family 25 years ago, has the same amount of experience in retailing having owned her own card and gift shop for that length of time.

It became apparent during the latter years that there is a massive gap in the market for gift shops to offer such personalised gifts, and so Planet Giftware was born.

Dealing exclusively to retailers, we offer a range of products that can be personalised to the customers' requirements with many different designs on offer.

Pricing is extremely competitive, with retailers making full mark up on all products sold.

The website will be for trade only, enabling retailers with an active account to place the order. We will then despatch the item direct to the customer within 2 days of the order being placed.

Sample display sets are offered at a heavily discounted rate to give you the best display to maximise sales.

Stocking Planet Giftware in your outlet is a great opportunity where you do not have to keep money tied up in stock, worry about placing minimum orders and you only pay for what you sell.

IMPORTANT INFORMATION

All orders will be engraved exactly as requested.
We are not responsible for any spelling / grammar issues that are present at the time of ordering.

We will always endeavour to lay out the text to the most visually appealing way in which we can.
Long messages / text could appear small if a suitable style is not selected.

We cannot cancel an order or offer a refund once the item has been put into production.

There may be instances when an item is out of stock, in these circumstances we will contact the customer and advise of estimated delivery time or offer an alternate colour/size where possible.

Orders are despatched the same working day if the order is placed with us by 12pm,
otherwise they will be despatched the next working day.

We use a Tracked Royal Mail service for most of our products
to ensure a smooth and trackable delivery process.
Occasionally parcels can be delayed by circumstances out of our control such as Royal Mail delays.

The customer should always resolve any issues directly with you (the retailer). It is then your responsibility to contact us with the information and evidence of any defects / issues for a prompt resolution.
Any issues will be resolved by us free of charge in the form of a replacement directly to the customer.

If we suspect abuse of our services, such as but not limited to unpaid balances, we reserve the right to withdraw our products from your premises and / or suspend your trade account.

Invoices will be produced at the end of every month for all orders taken in that month.
Payment is to be made based on the terms of your credit account to prevent any delays on further orders being despatched.

Our products, designs and catalogue are strictly protected under copyright law by A W Raybould LTD.
Reproduction of any sort is strictly prohibited.
